Slava Trofimov

Senior Front End Developer

Working in the web development industry for more than 12 years and am familiar with all aspects of a website/app development cycle, from initial analysis and planning, creating wireframes to production deployment.

Have strong JavaScript, Vue.js, REST and HTML5/SCSS skills. For the last several years gained wide experience with Laravel and PHP in general and worked on many Laravel+Vue.js/Nuxt.js projects as a Full stack developer. Have experience with React.js, MySQL, WordPress, Opencart, and Electron.js.

Feel confident working with technologies like Git, Docker, Figma, Jira / ClickUp, Slack, etc.

Always seeking skill improvement and better practices.
